

Buckden & Little Paxton Surgeries Newsletter

February 2020

Dr Rachel Leonard

After more than fourteen years with the Practice, we are sorry to advise that Dr Rachel Leonard will be leaving the team in February.

We will really miss Rachel and would like to take this opportunity to express our thanks and appreciation for all Rachel's hard work and support over the years and to wish Rachel well for the future.

Dr Nathalie Rodriguez McCullough

We are delighted to announce that Dr Nathalie Rodriguez McCullough will be joining us as our new GP Partner in early February. Nathalie has recently completed her GP training within the Huntingdon area and is familiar with our local care pathways and services.

Nathalie has undertaken a number of additional roles during her training including working with the British Medical Association and Cambridgeshire Local Medical Committee on GP training and working with the World Health Organisation to tackle some of the challenges around young people's health.

Nathalie will be providing sessions both at Buckden and Little Paxton. Please join me in welcoming Nathalie to the team.

Dr David Irwin

You might remember from our last newsletter that we advised that Dr David Irwin had retired from the practice but that he would be coming back...and now he has!

We are delighted to confirm that David is continuing to work with us on Tuesdays and Fridays with appointments now available to book.

Friends and Family Test

A big thank you to everybody who took the time to complete a Friends and Family Test feedback form and for providing their comments.

Our 2019 results showed that **93.24%** of patients were Extremely Likely or Likely to recommend the practice to their friends or family which is slightly higher than our results for 2018. Thank you for such positive feedback and for sharing your thoughts and suggestions on how we might improve.
